Casements Camera Club

Greetings to all !!! Factoring in warmer temperatures, vacations occurring, (Ans and company were in Holland) and just plain "ole" Spring Fever, CCC news is fairly light this month. Soooooooo, let me shake the bushes and see what I can catch in the net.

RECAP Unfortunately, I was unable to attend April's meeting and Ans was on vacation, but we did get some really good feedback from several members. Robert Clibbon gave an excellent presentation. He brought two of his over sized panoramas, and presented an excellent slide show. He also brought 5 of his cameras, and I have heard from more than one member, how interesting these cameras were. It proved to be a very rewarding evening.

May 9 Field-trip Our Field-trip at the Lake Woodruff National Wildlife Refuge tossed us a few lemons, soooooo, adding water, we made lemonade. Upon arrival, we encountered a "Road Closed" sign at the entrance to our prospective photo site. It seems FDOT was doing some railroad repairs and we were directed to the Highland Park Rd

entrance. Ooops, another lemon. No panoramic vistas, just lots of tall pines, scrub palmettos, a sandy mosquito trail and a bright sunny sky; not the best shooting conditions. Now, it's time for the lemonade!!! About a ¼ of a mile down the road was the Highland Park Fish Camp, one of the oldest remaining fish camps in Florida. Check it out at www.highlandparkfishcamp.com. Don't forget to watch the video. We took a few shots and enjoyed some comradery at a picnic table under the shade of a tree.

May 25th Meeting

Juliana Romnes, Gallery Coordinator of Arts on Douglas, will be our guest speaker. She will talk about how to present your images for exhibition and taking photos with your mobile device (phone). Ans will be presenting a slideshow of the images from the light painting field-trip and our last field-trip. Hope to see y'all there!!!!

SELECTIVE EDITING IN PHOTOSHOP & LIGHTROOM WORKSHOP

Anna Cary instructed 15 members on the techniques of editing raw images in Photoshop and Lightroom on Tuesday May 16. It was an excellent and informative workshop and a new tip, trick or tool was learned by each, regardless of ones proficiency level in these programs. Our thanks to Ans for implementing the workshop and to Anna for an excellent job. Feel free to view Anna's work at

www.annacary.com

Welcome new member, Hector Vila !!! We look forward to your input and artistry!

Editor's Note

I really like displaying member images in the header of the Newsletter, but unfortunately, the response for "Ormond" images has been a bit weak. Having discussed this with Ans, I have decided to broaden the territory. Soooooo, any image taken in the **State of Florida** will be greatly appreciated, just indicate where, please. All images are randomly selected, and you may submit them to either Ans or myself. Thank you for your co-operation.

I think that pretty much wraps things up for this Newsletter. Happy shooting!!!!

Until _____
