Greetings CCC members. As we breathe a sigh of relief, I am sure everyone is tired of hearing the D word. It seems the storm with a unisex name put a damper in our lives for about 10 days, including the activities of the club. Did you know one of the meanings of the name Dorian is "child of the sea"? It appears that it lived up to that name!!!! As for the header images this month, metaphorically speaking, we smell the roses, the storm dies and we smell the roses again. Just another day in paradise!!!! On to the news.

Recap---The August meeting featured guest speaker Chobee Ebbetts, the son of renowned photographer Charles Ebbetts best known for his New York skyscraper Workers on a Beam photograph. Chobee's presentation yielded a wealth of historical information about his father's lifetime passion of professional photography. One tidbit I found extremely interesting was Charles Ebbetts played a key role in creating and implementing legal copyrights for photographers. There were no copyright rights at that time and the measures photographers took to prove their photographs was so primitive but very resourceful. After a short refreshment break, Ans concluded the meeting with a slideshow presentation of the March (lawn sculptures) and April (yellow) monthly challenges. It proved to be an excellent meeting.

The **September 26 meeting** will feature CCC member Herb Paynter with his presentation title, "Wake up and get your head (and your files) out of the clouds." It will cover the dangers and disadvantages of storing files on the various corporate cloud systems as compared to the advantages of setting up a personal cloud server in your home. Bill and Judy Speno and Jeanne Figurelli will be providing snacks for the meeting. This should prove to be a very informative meeting. Hope to see y'all there!!!

Welcome new members Gerri Jennings and Cookie and David Brown. The Browns were former members and have joined us again. We gladly welcome you to the CCC!!!!

This triple exposure photograph was taken by Skip Lowery at the Belle Meade Plantation Museum in Nashville Tn. Slaves lived inside a wooden cabin which is still there and inside the museum are several photographs of slaves. Skip's triple exposure photograph won a \$75.00 prize in the Georgia Mountain Fair Contest in Hiawassee Ga in July. Congrats Skip!!!!

The reception for the 39th Annual Show yielded a full house at the Casements on Friday September 13. Thank you to the 37 members who submitted photographs making this exhibit a success, despite the rescheduling due to our impending storm. An array of finger foods and camaraderie filled the air on this enjoyable evening. Before the winners were announced, Ans read a highly complimentary report about the show, all of the entrants and the winners from the show's judge, Per Hans Romnes. Per Hans concluded his report with: **"The images presented in this exhibition showcase the creative, technical, and aesthetic talents of its membership. The overall exhibit is a visual feast for the eyes with excellent examples of a diverse array of photographic talents, techniques and genres...All of the membership of the Casements Camera Club can be justifiably proud of the high level and overall quality displayed in this exhibition."**

A special thanks to the "hanging crew" from left to right: Bill Speno, Tom Silvey, Jeanne Figurelli (getting ready to ride piggyback), Paul John and Sylvia Rohmer (sitting on the ladder).

"Having fun when the hard job is done!"

Again **"THANK YOU"** to all of the entrants, those working behind the scenes and to all who attended the reception supporting the club and making this exhibit a success!!!!!!
