As temperatures are kissing the 90's, I thought maybe a little power of suggestion may help this month. Imagine sitting under these cool and refreshing waterfalls on one of our hot summer days. Whether the water has been fed from a cool mountain stream in North Carolina or from the year round 72 degrees springs in Florida, ahhhh, sooooo refreshing. But from a photography standpoint we see 2 waterfalls in totally opposite environments, the mountains vs the

flatlands, yet they both have a common denominator. The waters were captured with a slow shutter speed and more than likely, the camera was on a tripod. Sooooo, stay cool as you play with your camera. On to the news.

**The July 28 Meeting** will be held in the Casements at 7:00 pm. The board will choose their best of each member's submissions for the Low Key Assignment for this meeting. The club will vote to chose their favorite 5 images. The winner will be awarded a free, \$35.00 value, 2023 membership. There will also be a slideshow presentation of all of the images the members submitted for this challenge. The deadline for submitting your images to Ans has been extended to Tuesday, July 26, so please send Ans your images. This has always proven to be a very rewarding meeting.

## **In Memoriam**

**George Goldtrap**

It's with great sadness to report long time member George Goldtrap passed away on Wednesday evening, June 29. George was referred to as GAG by his life long (64 years) wife, Peggy. George and Peggy were the CCC newsletter editors for many years. George was a very artistic person, actor, author and photographer. For those who knew him, he was described as a wonderful and warm person, always willing to help with a smile. He will be truly missed by the many whose lives he touched. Our heartfelt condolences go out to his family and his beloved wife Peggy.
